TALLERES DAGA, S.A. **General Direction**, sets the current **Integrated Management System Policy** as a framework to establish and review quality, environmental, health and safety aims at the workplace. This policy is confined in the following commitments within the defined scope for each system:

- The **continual improvement** of the **effectiveness** in the **Integrated Management System (IMS)**: Quality (QMS), Environmental (EMS) and Safety and Health at the workplace (SMS). In TALLERES DAGA, S.A. we are committed to continuous improvement in the whole of our activities as a working philosophy which allows us **the optimization of efficiency in our organization** in the accomplishment of the various **requirements**, in the **Nonconformity** prevention and in the obtaining of our **aims**.
- **To prevent pollution of the environment and damage or deterioration of health** of the workers, both internal and outsourced, in the development of our activities.
- **To meet our requirements:** as agreed with our customers, statutory and reglamentary requirements and those formalities we are able to subscribe, applicable to our products, our environmental aspects or to the safety and health of our workers.
- **To increase customer satisfaction** as a main general aim of the QMS performance, through the **continual improvement of the organization** and the establishment of a **quality culture**. In TALLERES DAGA, S.A. we have the aspiration to achieve our customer's loyalty and increase the number of new customers who place their **confidence in our organization capacity to satisfy their requirements** to the purchased item through processes which respect the environment and keeping the safety and health of the workers. **Achieving customer loyalty and industry** we will reach only to the extent by which we will be able to fulfil our **requirements** in an efficient, flexible and safe way that minimizes the environmental impacts of our activities in an increasingly demanding field, highly competitive and constantly changing.
- **To establish a genuine quality culture**, environmental protection and prevention of occupational risks which permeates our entire organization and activities, achieving the involvement of all staff at all levels with the performance of IMS and continuous improvement, being aware of the significance of fulfilling our individual obligations.
- **To be at the forefront** of technology, quality and efficiency, providing our equipments and facilities at any part in the world and enhancing the **Design and Development of new equipment** in a continuous process of adaptation to new market demands.

The **General Direction** assumes as its own responsibility the obligation to exercise the leadership in the implementation and continuous improvement of IMS and the commitments set forth in this Integrated Management Policy acting as a driver of compliance and reviewing its content at least once a year during the **Review System** by the **Direction**.

Faithful to these principles, precepts to be met by the staff that develop activities in TALLERES DAGA, S.A. are reflected in our Integrated Management System (IMS), which is declared binding.
